

July 31st, 2023

Centralia Students and Families:

I hope this letter finds you all well and enjoying your summer break. As the return to school nears, I'd like to share important dates and information about student registration processes.

On August 7th students will receive, via email, their class schedules for the 2023-24 school year. At that time, students will also receive directions for setting up an appointment with the Counseling Department. Appointments are only necessary if requesting a possible schedule change. Counselors will be available to meet by appointment from 8:00am-3:00pm on August 9th-10th.

Incoming Freshmen may visit CHS on August 17th from 4:00pm-6:00pm to meet teachers and tour the building. At that time, Counselors will be available to visit in person with Freshmen that need assistance with their schedule.

Any student attending CACC should plan to attend Orientation on August 17th at 6:00pm in the CHS cafeteria.

At this time, we ask that students make hallway locker requests. Students wanting to have a hallway locker assigned to them need to complete the Google form linked below no later than Friday, August 4th. Those requesting locker assignments will see their assigned locker number indicated on the schedule they receive on August 7th.

- CHS Locker Request Link:

We look forward to seeing everyone for our return to school on August 22nd.

Educationally,
Dr. Matt Smith
Principal
