VISION- Leading with Panther tradition.

Centralia Intermediate School Philosophy

Students at Centralia Intermediate School are successful and creative problems solvers, who are independent and cooperative learners. Our students are this way because teachers create an atmosphere where learning is engaging and exciting. Teachers work together for the good of all students using clear and positive expectations. CIS teachers work collaboratively to meet individual students' needs by using data-driven instruction and assessments.

CIS uses technology to incorporate an inquiry-based learning philosophy inside the classrooms. The use of technology provides authentic hands-on instruction with the role of the teacher being a facilitator and students taking responsibility for their own learning process.

Teachers, students, and parents working together with a common purpose to enhance and enrich student learning both inside and outside the classroom. Clear, consistent communication is essential in building strong school to home connections.

SECTION I: CIS BUILDING SPECIFIC INFORMATION & POLICIES

People associated with the Centralia Intermediate School take great pride in our high standards of conduct and academic achievement. We feel that every student is obligated to maintain these high standards.

You will be judged for what you do as well as what you know. We are proud of our students' excellent behavior and conduct and expect this high standard to be maintained in and around the school at all times, as well as at school functions either at home or away. "Always remember where you come from." You not only represent yourself, but your family, school, and community.

BUILDING HOURS

The doors will open at 7:40 a.m. Tuesday – Friday special permission must be given by the principal should you need to be here before that time. School dismissal is at 3:12 p.m. Students should not remain in the building after 3:30 p.m., unless supervised by a teacher.

LATE START MONDAY

Late start Monday will occur every Monday that we are in session. School will start at 9:15 a.m., 1 hour later than normal. The doors will open 1 hour later than normal at 8:40 a.m.

VISITORS

Parents and patrons are always welcome at Centralia Intermediate School; however, all visitors during the regular school day must check in at the office prior to proceeding elsewhere in the building. The Board of Education and the administration will not tolerate any person whose presence disturbs classes or school activities or hinders the instructional process. If such persons will not leave the school premises upon request, the building principal or designee may refer charges to the proper legal authorities.

TELEPHONE

Any incoming calls to the office, if not an emergency, will be reported to the student called, but the student will not be called from class to answer the telephone. The office will take the number and the message and inform the student. Students making calls must get permission from their teacher and the secretary to use the telephone in the office area.

SCHOOL MEALS

The Centralia Intermediate School meal program is completely automatic. All records are computerized and accounts are established for each student individually. Legal guardians can and should visually check their student's account each day so they know the status of their account. In an effort to keep an accurate and smooth running school meal program, the following rules will apply to each student:

1. Meals should be paid for by check. This allows for a parental record. Cash payments are hard to track. Electronic payments can also be made through the Parent Portal.
2. Account balance letters will be emailed on a weekly basis.
3. Automated phone calls will be sent when balances go negative.

CIS DETENTION POLICY

Detention after school has been established to handle disruptions. Detentions will be held on Thursdays and supervised by CIS team members. Detentions will start at 3:15 p.m. and end at 4:00 p.m. Your student will need to be picked up at the main lobby doors at 4:00 p.m.

Students are expected to bring homework and materials with them to detention. Students should keep busy and quiet during this time. Those students who are late or leave early may have to make up that detention in its entirety. Those students missing detention without prior notification will earn In-School Suspension. Students who are disruptive or non-cooperative during after school detention will be asked to report to the Principal first thing Friday morning.

After the 3rd detention for behavior problems in a quarter has been assigned, 1 day In-School Suspension will be assigned for the remainder of that quarter; instead of the after school detention.

CIS IN-SCHOOL SUSPENSION POLICY

A student on in-school suspension will be placed in a secluded area for a school day, or a part of a school day. The student will not be allowed to associate with the rest of the students between classes or at lunch. During in-school suspension students will not participate in student activities. Teachers will provide assignments and instructions during their preparation period or earlier in the school day if possible. Violation of any of the following rules may result in additional days of in-school suspension or an out-of-school suspension of up to ten (10) days:

1. The student must report to in-school suspension immediately upon arriving at school. The student may not loiter anywhere in the vicinity of the school.
2. The student will have materials, paper, pencil, pen, and books only. No radios or any type of audio/video device will be allowed in the suspension room.
3. Talking to anyone other than teachers or administrators is prohibited.
4. Moving around the room without permission will not be allowed.
5. The student will face his/her desk.

6. The student will be allowed one (1) bathroom break in the morning and one (1) in the afternoon, but not when classes are changing.
7. Absolutely no eating, except lunch, during in-school suspension will be allowed. No candy or gum will be allowed. Lunch will be brought up to the student to eat in the room, or the student may bring a sack lunch from home.
8. The student will work on his/her assigned work.
9. The student's work area must be clean and free of marks before he/she leaves. Report marks immediately upon being seated at the desk.
10. Students are to complete academic work as assigned. Completed work will receive 100% credit.
11. It is the responsibility of the student to turn in all materials to their teacher.
12. Must complete an exit interview with the Principal.

CRITERIA FOR ATTENDING FIELD TRIPS

All students attending a school-related field trip must first be in good standing with the school. A student with an outstanding OSS, ISS, or detention will be ineligible for field trips. Since we are representing our school and community, students should dress appropriately and act accordingly. Specific rules will accompany each field trip. Each student has the responsibility of fulfilling these regulations prior to attending the field trip.

MISSING SCHOOL AND ATTENDING AN ACTIVITY

A student must be in attendance for at least half of the school day to participate in or attend a school activity that day. Exceptions to this policy will be those students who have an appointment or event that is unavoidable and pre-approved by the principal.

ATTENDANCE POLICY

Attendance at school is a significant factor in achieving success at school. When a student is absent from class, it is impossible to recreate the situation that existed during the absence. No amount of make-up work can take the place of the classroom. For this reason, it is essential that each student be in class every day possible. Realizing that there are times when a student must miss school, the following procedures will be followed.

Student absences will be classified in one of the following categories:

Excused Absences

The following is a list of acceptable excuses for missing school. Proper documentation **MUST** be provided, such as calling in to the school and/or a note. If you have a doctor's excuse, please send the excuse to the school.

- Personal illness
- Serious illness or death in the immediate family
- Medical/dental appointments when they cannot be scheduled other than school hours

All make-up work will be completed in the same number of days/classes that the student missed.

Unexcused Absences

An unexcused absence will be considered anything that cannot be verified by proper documentation, or does not fall under the excused absences list (see Excused Absences). Vacation is not an excused absence.

- Truancy
- No call or note from parent or guardian

Notes, visits, and telephone calls from parents as to the reason for their student's absence will be required. SIS will be updated as to whether the absence is verified or unexcused.

CIS Policy

A student needs his/her parent's permission to miss any day of school. Therefore, parents will be required to notify the school office the morning of an absence. Parents without access to a phone will be required to send a note on the first day the student returns.

1. A student arriving late to school or leaving early must sign in or out at the office by a parent/guardian. No student may leave school during the day except by permission of the principal/designee and parent/guardian. A student is considered in school once he/she is on a school bus or has arrived on school grounds.
2. If a student misses a total of **ten (10)** days per semester, the parent/guardian and the student will then be notified by the principal/designee. Documentation for each absence after ten (10) absences will be mandatory.
3. Frequent absences without documentation and/or contact with the school could result in the Principal/designee contacting Children's Division for educational neglect.

4. A student who is absent from school due to an out of building suspension will not have those days counted toward the total days absent allowed each year.

What to Expect about Passes and Excuses

1. **LATE to school:** If you arrive after 8:15 am Tuesday-Friday or after 9:15 am on Late Start Monday you will need an admit slip from the office that will be given to you after the tardy has been verified by phone call or a written excuse. If you are tardy without sufficient reason, you will still be admitted into class, but 4 tardies will result in a conference with the Principal.
2. **ABSENT from school:** As stated above in the CIS Policy, calls need to be made the day of, or a written excuse needs to be brought into the office the next day back.
3. **If you must LEAVE SCHOOL during the day:** You must have permission from the office.
4. **If you must be EXCUSED from Physical Education:** You will need to provide a written note from a physician documenting the excuse or be excused by the CIS school nurse.

Perfect Attendance

Perfect attendance can be achieved by meeting the following criteria:

- Attending school each day it is in session for a full 393 daily minutes.
- This means that a student cannot have any tardies or leave the school early.
- Should an injury take place at school and the school official requests you see a doctor, perfect attendance will not be affected.
- If a bus is unable to pick you up for reasons not your own, perfect attendance will not be affected.

It is extremely important to call ahead of time and talk to the principal should you not be sure about a situation regarding perfect attendance. Students with perfect attendance will be recognized at the end of the year at the CIS Awards Assembly.

Outstanding Attendance

Students that have 96% or higher will receive an Outstanding Attendance award during the end of the year grade level assembly.

DRESS CODE

All dress code procedures will adhere to health and safety codes and comply with applicable law. Dress that materially disrupts the educational environment will be prohibited. No procedure will impose dress and grooming rules based on gender in violation of Title IX. District procedures will specifically define ambiguous terms, and examples will be provided when practicable.

1. Students are not allowed to wear **clothing advertising or promoting alcohol, drugs or tobacco products.**
2. Clothes displaying profane and/or obscene language or symbols will not be permitted.
3. Shirts and blouses are to be worn as the manufacturer designed them. The chest and entire torso must be covered. **Bare midriffs will not be allowed.**
4. Footwear is essential and must be appropriate for daily activities, i.e. recess and physical education.
5. Caps or hats are not to be worn in the building.
6. Uniforms required by sponsors and school administrators will be acceptable both during school and at extracurricular events.
7. Appropriate underclothing is required and should not be visible.
8. Bicycle or skin-tight shorts or pants may not be worn. **Shorts must be no shorter than mid-thigh.**

BICYCLES

Bicycles are to be parked in the bicycle racks only. Please do not ride your bicycle on the school lawn or walkway. All bicycles are to be kept in the bicycle area until the buses leave the area after school. This is for your safety and we will strictly enforce this policy. Riding your bike in a reckless manner could lead to you losing bike privileges. Intermediate School students are not permitted to drive any type of motorized vehicle to school regardless of their age. The school is not responsible for bikes and students are encouraged to lock them up.

STUDENT PLANNERS

Planners will be used by all students as a means of organization. Teachers will use the planner as a form of communication with parents in regards to daily assignments & missing homework or other relevant information.

SCHOOL RECORDS

A student's records are maintained under his/her legal name until official court documentation of a name change is received by the school. A cumulative record is maintained for every student in the Centralia Public School District. In written policies of the Board of Education the term "parents" shall be understood to include others who have legal custody of the child. Some information to know:

- It is the responsibility of the legal guardian to inform the school when changes occur with respect to legal custody of a student.
- It is the responsibility of the legal guardian to provide a copy of any court documents pertaining to non-visitation orders for non-custodial parents or others. Visitation by non-custodial parents will be granted unless official documents prohibiting visitation are on file with the school. For example, if you are a parent and you do not want the other parent to pick up your child, but have no official documents prohibiting the other parent from picking the child up, then as a school, we are legally obligated to allow the student to leave with their other parent.

CIS HOMEWORK POLICY

The Centralia Intermediate School homework policy follows the PBS plan. The policy is per quarter, so at the start of a new quarter, the student starts over with a clean slate. The policy is:

1 st offense	Homework Mark
2 nd offense	Phone Call Home by Student
3 rd offense	Conference with Principal
4 th offense	Detention
5 th offense	In-School Suspension

Each offense after the 5th will result in an automatic In-School Suspension (ISS).

Each grade level will have their specific homework policy. This policy will be provided to students and parents/guardians.

SCHOOL BUS SAFETY AND BEHAVIOR CODE FOR BUS RIDERS

Permission for any pupil to ride a bus is conditioned on his/her good behavior and observance of the following rules and regulations. Any pupil who violates any of these rules will be reported to the transportation office and/or school administration. Students can be denied the privilege of riding a bus to and from school.

1. Be on time at the bus stop. Avoid running to catch the bus because you may slip and fall under the vehicle. While waiting for the bus, stay clear of the roadway to avoid being hit by passing cars.
2. Wait for the bus to come to a complete halt before trying to board and, if you must cross the road, wait for your bus driver to signal you to cross with his/her hand. Always cross at least 10 feet in front of the bus.
3. When necessary, there will be at least three persons in a seat, and the practice of saving seats for students getting on at other stops will not be allowed.
4. After boarding the bus, you must remain in your seat until the bus reaches your designated stop.
5. Please use handrails when getting on or off the bus. Be extra careful when the weather is wet with ice, as steps can become very slippery.
6. Treat bus equipment as you would the furniture in your home. Any damage to bus seats, windows, etc., must be paid for by students responsible for the damage.
7. Keep the aisles clear of items such as musical instruments, etc. If you must carry personal items on the bus with you, please hold them in your lap or store them under the seat.
8. At no time will a student put hands, head, or other body parts out the window.
9. Don't be loud, boisterous on the bus. Excessive noise can distract the driver and could result in a serious accident.
10. Be absolutely quiet at all railroad crossings. Your driver stops at railroad crossings to listen for oncoming trains. Your talking could drown out all warning signals.
11. Do not throw paper or other objects out bus windows. This could obstruct the view of an oncoming vehicle and result in an accident or cause the driver to have to stop suddenly, causing injury to passengers.
12. No eating on the bus. Loose papers or food on the floor may cause a slipping hazard.
13. A driver has the responsibility to correct any student on the bus for improper language, use of tobacco, and unnecessary noise.
14. Drivers have the authority, given by the School Board, to enforce all bus rules. Any student refusing to obey these rules will be reported to school authorities and may lose his/her bus riding privilege.
15. Remember, your driver is only human, so greet him or her cheerfully each time you board the bus and give him/her the same respect you would your teacher.

Any offense committed by a student on a district-owned or contracted bus shall receive consequences in the same manner as if the offense has been committed at the student's assigned school. In addition, bus riding privileges may be suspended or revoked.

SPORTSMANSHIP AND SCHOOL SPIRIT

The first rule for good sportsmanship is courtesy...courtesy to everyone around you: classmates, parents, visitors, players, coaches, and officials. **YOU ARE THERE TO WATCH THE GAME**, whether it is at the Middle School or the High School sporting events.

ACADEMIC ACHIEVEMENT

The evaluation of the academic achievement of students in the school district is based on the premise that students have diverse capabilities, interests, and individual patterns of growth and learning. It is essential that the professional staff have adequate information to assess a student's educational needs, growth patterns and other factors necessary to design instructional plans for the student. Sharing of information among parents/guardians, teachers and students is an integral part of the evaluation process. Through the district's methods of student evaluation and parent/guardian-student-teacher communications, the district strives to meet the following objectives:

- Parents/Guardians are to be informed regularly, at least four times a year, as to the progress their children are making in school.
- Parents/Guardians will be alerted and conferred with as soon as possible when a student's performance or attitude becomes unsatisfactory or shows marked or sudden deterioration.
- When possible, distinctions will be made between a student's attitude and academic performance.
- At comparable levels, the school district will strive for consistency in grading and reporting, except when inappropriate for certain classes or students.
- When grades are given, the school staff will take particular care to explain the meaning of the marks and symbols to students and parents/guardians.

The issuance of grades on a regular basis serves to promote a process of continuing evaluation of student performance in the school district. Grading shall not be influenced by pressure from parents/guardians. In addition, grades are not to be used as a disciplinary measure.

Report cards are issued four times a year at the conclusion of each quarter. The report will convey to the students and parents the learning progress of the individual. Grade evaluation follows:

A: Masters essentials and employs them in related fields; exhibits intellectual curiosity in the subject.

B: Easily understands essentials; does some worthwhile supplemental work; shows interest.

C: Understand minimum essentials, cooperates. This is an average grade.

D: Barely learns essentials; is likely to do no extra work; often shows indifferent attitude.

F: Receives no credit. Few people fail if they have made an effort.

S: Satisfactory **N:** Needs Improvement **U:** Unsatisfactory

Parents are encouraged to view grades via parent portal thru the Centralia Public Schools website or <https://sdm.sisk12.com/CN/Default.aspx?Action=Parent>

REPORT OF STUDENT PROGRESS AT MID-QUARTER

You will receive a progress report four times a year at mid-quarter. CONFERENCES may be arranged with teachers by calling the Intermediate School office, 682-3451, at any time throughout the school year.

PROMOTION, ACCELERATION AND RETENTION OF STUDENTS

The Centralia R-VI School District is committed to the continuous development of students enrolled in the district's schools, and to student achievement of the skills for the current grade assignment for promotion to a higher grade. The superintendent, in cooperation with the professional staff, shall develop administrative procedures for the promotion, acceleration and retention of students.

In evaluating student achievement, each teacher will make use of all available information, including results of teacher-made tests, other measures of skill and content mastery, standardized test results and teacher observation of student performance. The principal

will direct and aid teachers in student evaluations and will review grade assignments in order to ensure uniformity of evaluation standards.

Decisions on whether to promote, accelerate or retain a student with disabilities will be made in accordance with the Individuals with Disabilities Education Act (IDEA) and as required by other applicable law.

Promotion

Students will normally progress annually from grade to grade when, in the judgment of the district's professional staff, it is in the best educational interest of the student involved. The final decision to promote a student rests with the school administration.

The district requires remediation as a condition of promotion to the next grade level for any student identified by the district as failing to master skills and competencies established for that particular grade level. The superintendent or designee shall determine which skills and competencies must be mastered, how they are to be assessed and what type of remediation is appropriate.

Remediation may include, but shall not necessarily be limited to, a mandatory summer school program focused on the areas of deficiency or other such alternatives conducted by the district outside of the regular school day. If the district provides remediation in this manner outside the traditional school day, the extra hours of instruction may be counted in the calculation of average daily attendance. Such remediation shall recognize that different students learn differently and shall employ methods designed to help these students achieve at high levels.

The district may require parents or guardians of such students to commit to conduct home-based tutorial activities with their children. Decisions concerning the remedial reading instruction of a student, who receives special education services, including the nature of parental involvement consistent with a free appropriate public education, shall be made in accordance with the student's Individualized Education Program (IEP).

Acceleration

The district will assist students so that they progress academically in accordance with their capabilities. While provisions for individual differences should be adequately accomplished within a grade level, it may occasionally be necessary to advance a student to the next grade. Acceleration to a higher grade level should be approached with caution. Capable students may be so advanced, but only after thorough discussion with the student's guidance counselor, and with the joint approval of the parents/guardians, the principal and the superintendent.

Retention

Retention may be considered when, in the judgment of the professional staff, it is in the best educational interest of the students involved. Parents/Guardians will receive prior notification and explanation concerning the retention. However, the final decision will rest with the school administration. Further, if a student fails to attend remediation assigned as a condition of promotion, the student will be retained.

CENTRALIA INTERMEDIATE SCHOOL RETENTION GUIDELINES

The district's final decision to retain or promote a student will be based upon the following factors: reading level consistent with state requirements, course work in regular and summer school, chronological age, social development, physical maturity, health conditions, regularity of attendance during the regular school year, and satisfactory attendance at mandatory summer school.

SECTION II: HEALTH INFORMATION AND POLICY

HEALTH

It is the policy of the Centralia R-VI School District that all students attending the district schools shall be immunized in accordance with law.

IMMUNIZATION

A record of immunizations (diphtheria, polio, tetanus, mumps, measles, rubella, hep. B) and birth certificate number must be furnished for each student for the school nurse upon entering school for the first time. Physical and vision examinations of new students are also required. If immunizations are not up to date on the entrance date of starting school, the child will be excluded from school till the immunizations are given.

Immunization Guidelines

Students who are incompletely immunized may continue to attend school as long as they are making satisfactory progress as outlined on the Immunization in Progress Form (which must be on file with the child's immunization record). This form can be obtained from a physician's office or local health department.

STUDENT INJURY

First aid will be given by the nurse or teachers. Parents will be notified if a doctor should be contacted or if the injury is such that it needs watching.

SCHOOL MEDICATION POLICY

Medication should be given at home if at all possible. However, if the physician's orders indicate it must be given during school hours, the medication may be administered at school by complying with the following instructions:

Medication

1. A medication sheet needs to be filled out and signed by a parent stating the name of medicine, reason for medication, and any instructions regarding any special need for storage, (i.e. refrigeration).
2. Send any medication in a properly labeled container from the pharmacy with only those doses to be given at school (please limit to a weekly or monthly supply). **DO NOT** send medication in syringes, plastic wrap, lunch boxes, etc. **ALL MEDICATIONS MUST BE IN ORIGINAL CONTAINERS.** Your pharmacist will provide extra, properly marked containers free upon request.

****ALL MEDICATIONS WILL BE GIVEN ALONG WITH THE CHILD'S LUNCH SCHEDULE SO THAT THE CLASSROOM DOES NOT HAVE TO BE INTERRUPTED (BEFORE OR AFTER LUNCH) UNLESS SPECIFIED TO BE GIVEN AT ANOTHER TIME PER DR. NOTE**

BASIC HYGIENE

Students need to arrive at school bathed, with clean hair and clothing. Children with a cleanliness problem will be referred to the principal or nurse who in turn will visit with the parents or the proper authorities.

LICE

Every year a small percentage of children contract head lice. Children with live head lice or nits close to the head will be sent home to be treated. If more than one student in a classroom contracts head lice, the nurse will check all of the individuals in that class.

The school asks that parents help control the lice problem by:

1. Examining their children's hair particularly above the ear and at the crown periodically.
2. Notifying the school if lice are found.
3. Treating the infestations with a lice shampoo according to directions.
4. Treating the home environment so that there will be no further infestations.
5. Discussing with their children the problems incurred by using someone else's comb or hat.

SOILING OF CLOTHES

Occasionally, students have accidents and soil their clothes. The school usually can provide a change of clothing. Please wash and send the clean clothing back the next day. Students that do not return borrowed clothing will not be able to borrow again and parents will be called to bring a change of clothing.

NUTRITION

It is essential that students be provided a good breakfast. Students may also bring a healthy snack to be eaten during their scheduled snack time.

EXERCISE

Physical activity is a necessity for healthy, young children. All children are expected to play outdoors when the weather is suitable. Requests to stay in should be in written form stating the medical reason. Requests should be used sparingly.

SCREENINGS

Vision

The district will conduct a vision screening for all students prior to the end of first grade and again before the end of the third grade. Students will be excused from any screening upon receipt of a written request from the student's parent/guardian. A Parent/guardian should notify the school district of any follow up information received from a specialist for the student's medical file.

Hearing

The district will conduct a hearing screening for all students prior to the end of second grade and again before the end of the fourth grade. Students will be excused from any screening upon receipt of a written request from the student's parent/guardian. When a student fails a hearing screening, the school district will rescreen the student within two weeks before sending a standard notice to the parent/guardian. A Parent/guardian should notify the school district of any follow up information received from a specialist for a student's medical file.

SPECIAL EDUCATION

All responsible public agencies are required to locate, evaluate, and identify children with disabilities who are under the jurisdiction of the agency, regardless of the severity of the disability, including children attending private schools, highly mobile children, such as migrant and homeless children, children who are wards of the state, and children who are suspected of having a disability and in need of special education even though they are advancing from grade to grade. The Centralia R-VI School District assures that it will provide a free, appropriate public education (FAPE) to all eligible children with disabilities between the ages of 3 and 21 under its jurisdiction. Disabilities include autism, deaf/blindness, emotional disorders, hearing impairment and deafness, mental retardation, multiple disabilities, orthopedic impairment, other health impairments, specific learning disabilities, speech or language impairment, traumatic brain injury, visual impairment/blindness and young child with a developmental delay.

The Centralia R-VI School District assures that it will provide information and referral services necessary to assist the State in the implementation of early intervention services for infants and toddlers eligible for the Missouri First Steps program.

The Centralia R-VI School District assures that personally identifiable information collected, used, or maintained by the agency for the purposes of identification, evaluation, placement or provision of FAPE of children with disabilities may be inspected and/or reviewed by their parents/guardians. Parents/guardians may request amendment to the educational record if the parent/guardian believes the record is inaccurate, misleading, or violates the privacy or other rights of their child. Parents have the right to file complaints with the U.S. Department of Education or the Missouri Department of Elementary and Secondary Education concerning alleged failures by the district to meet the requirements of the Family Educational Rights and Privacy Act (FERPA).

The Centralia R-VI School District has developed a Local Compliance Plan for the implementation of State Regulations for the Individuals with Disabilities Education Act (IDEA). This plan contains the agency's policies and procedures regarding storage, disclosure to third parties, retention and destruction of personally identifiable information and the agency's assurances that services are provided in compliance with the General Education Provision Act (GEPA).

This plan may be reviewed Monday – Friday (8:00 am – 4:30 pm) in the office of the Director of Special Services, Dr. Mary Decker, Centralia R-VI School District, 123 Rollins Street, Centralia, MO 65240. Alternative times are available by request (573-682-3561).

The Centralia R-VI School District assures that it will provide a free appropriate public education (FAPE) to each qualified disabled person in the District's jurisdiction regardless of the nature or severity of the person's disability. For purposes of Section 504 of the Rehabilitation Act of 1973, the provision of an appropriate education is the provision of regular or special and related aids and services that (i) are designed to meet individual educational needs of disabled persons as adequately as the needs of nondisabled persons are met and (ii) are based on adherence to procedures that satisfy the requirements of the Section 504 federal regulations.

The Centralia R-VI School District has developed a 504 Procedures Manual for the implementation of federal regulations for Section 504 of the Rehabilitation Act, Subpart D. STUDENT RECORDS (BOARD POLICY 2400)

Annual Notification of Rights under FERPA

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days after the day the Centralia R-VI School District receives a request for access.

Parents or eligible students who wish to inspect their child's or their education records should submit to the school principal [or appropriate school official] a written request that identifies the records they wish to inspect. The

school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask the District to amend their child's or their education record should write to the school principal or appropriate school official, clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. The criteria for determining who constitutes a school official and what constitutes a legitimate educational interest must be set forth in the school's or school district's annual notification for FERPA rights. A school official typically includes a person employed by the school or school district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official typically has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA.

The name and address of the Office that administers FERPA are: Family Policy Compliance Office U.S. Department of Education 400 Maryland Avenue, SW Washington, DC 20202

Limited Directory Information – In addition to general directory information, the following information the district maintains about a personally identifiable student may be disclosed to: school officials with a legitimate educational interest; parent groups or booster clubs that are recognized by the Board and are created solely to work with the district, its staff, students and parents and to raise funds for district activities; parents of other students enrolled in the same school as the student whose information is released; students enrolled in the same school as the student whose information is released;

governmental entities including, but not limited to, law enforcement, the juvenile office and the Children's Division (CD) of the Department of Social Services:

The student's address, telephone number and e-mail address and the parents' addresses, telephone numbers and e-mail addresses.

The district has determined that the above-listed information regarding the district's students is not harmful or an invasion of privacy and therefore will release this information without first obtaining parental consent. If a parent, guardian, person acting as a student's parent in absence of a parent or guardian, or the student (if 18 or older) does not want the district to release the information listed below, they must notify the district in writing within ten (10) days of receiving this handbook.

Please notify the district if you do not want this information released.

SECTION IV: SCHOOL ORGANIZATION AND GENERAL POLICIES

PROOF OF RESIDENCE (BOARD POLICY 2230)

Resident students of the District, five to twenty-one (5-21) years of age, who have not graduated from high school or received any document evidencing completion of the equivalent of a secondary curriculum (G.E.D.), and are not barred from enrollment by provisions of the Safe Schools Act (See Policy and Regulation 2664) may attend District schools tuition free. Resident students must provide proof of residency in the District at the time of enrollment. To be a resident of the District, a student must both physically reside and be domiciled within District boundaries. The domicile of a minor child is the domicile of a parent, military guardian pursuant to a military issued guardianship, or court-appointed legal guardian.

CELL PHONES (BOARD POLICY 2656)

Developments in cell phone technology in recent years have resulted in enhanced communication opportunities. However, the use of a cell phone in schools poses increasing risks of school disruptions, bullying, criminal activity, and academic dishonesty. As a result, beginning with the 2018-19 school year, student cell phones, digital cameras and similar electronic devices will be banned during the instructional day, as well as, in dressing areas during extracurricular activities. Violation of this policy during the first semester after adoption of this policy will result in in-school suspension, while second offenses will result in out-of-school suspension being imposed. After the first semester 2018-19, out-of-school suspensions will be imposed on the first and subsequent offenses.

Parents may apply to the building principal to obtain a hardship exception. In such cases, the student's cell phone must be retained in the principal's office. Students granted a hardship may visit the office to use their cell phone for approved purposes. Telephones are also available in school offices for parents to contact their child for legitimate reasons.

PRESCRIPTION AND OVER-THE-COUNTER MEDICINE NOTICE (BOARD POLICY 2870)

The district may administer over-the-counter medication to a student upon receipt of a written request and permission to do so by a parent/guardian. All over-the-counter medications must be delivered to the school principal or designee in the manufacturer's original packaging and will only be administered in accordance with the manufacturer's label. Prescription Medication: The parent/guardian must provide the district with written permission to administer the medication before the district will administer the prescription medication to the student. The prescription label will be considered the equivalent of a prescriber's written direction, and a separate document is not needed.

TECHNOLOGY SERVICES (BOARD POLICY 6320)

Personal Responsibility

Access to electronic research requires students and employees to maintain consistently high levels of personal responsibility. The existing rules found in the District's Behavioral Expectations policy (Board Policy/Regulation 2610) as well as employee handbooks clearly apply to students conducting electronic research or communication.

One fundamental need for acceptable student use of District electronic resources is respect for, and protection of, password/account code security, as well as restricted databases files, and information banks. Personal passwords/account codes may be created to protect students utilizing electronic resources to conduct research or complete work.

These passwords/account codes shall not be shared with others; nor shall use another party's password except in the authorized maintenance and monitoring of the network. The maintenance of strict control of passwords/account codes protects employees from wrongful accusation of misuse of electronic resources or violation of District policy, state or federal law. Students who misuse electronic resources or who violate laws will be disciplined at a level appropriate to the seriousness of the misuse.

Acceptable Use

The use of the District technology and electronic resources is a privilege, which may be revoked at any time. Students are only allowed to conduct electronic network-based activities which are classroom related. Behaviors which shall result in revocation of access shall include, but will not be limited to: damage to or theft of system hardware or software; alteration of system hardware or software; placement of unlawful information, computer viruses or harmful programs on, or through the computer system; entry into restricted information on systems or network files in violation of password/account code restrictions; violation of other users' rights to privacy; unauthorized disclosure, use or dissemination of personal information regarding minors; using another person's name/password/account to send or receive messages on the network; sending or receiving personal messages on the network; and use of the network for personal gain, commercial purposes, or to engage in political activity.

Students may not claim personal copyright privileges over files, data or materials, nor may students use copyrighted materials without the permission of the copyright holder. The Internet allows access to a wide variety of media. Even though it is possible to download most of these materials, students and staff shall not create or maintain archival copies of these materials unless the source indicates that the materials are in the public domain.

Access to electronic mail (E-mail) is a privilege and designed to assist students in the acquisition of knowledge and in efficiently communicating with others. The District E-mail system is designed solely for educational and work related purposes. E-mail files are subject to review by District and school personnel. Chain letters, "chat rooms" or Multiple User Dimensions (MUDs) are not allowed, with the exception of those bulletin boards or "chat" groups that are created by teachers for specific instructional purposes or employees for specific work related communication.

Students who engage in "hacking" are subject to loss of privileges and District discipline, as well as the enforcement of any District policy, state and/or federal laws that may have been violated. Hacking may be described as the unauthorized review, duplication, dissemination, removal, damage, or alteration of files, passwords, computer systems, or programs, or other property of the District, a business, or any other governmental agency obtained through unauthorized means.

To the maximum extent permitted by law, students are not permitted to obtain, download, view or otherwise gain access to "inappropriate matter" which includes materials that may be deemed inappropriate to minors, unlawful, abusive, obscene, pornographic, descriptive of destructive devices, or otherwise objectionable under current District policy or legal definitions. Similarly, the use of any District computer to access sites which allow the user to conceal their objective of accessing inappropriate material is not permitted.

The District and school administration reserve the right to remove files, limit or deny access, and refer staff or students violating the Board policy to appropriate authorities or for other disciplinary action.

Internet Access

In compliance with the Children's Internet Protection Act ("CIPA"), 47 U.S.C. § 254, the District uses technological devices designed to filter and block the use of any District computer with Internet access to retrieve or transmit any visual depictions that are obscene, child pornography, or "harmful to minors" as defined by CIPA and material which is otherwise inappropriate for District students.

Due to the dynamic nature of the Internet, sometimes Internet websites and web material that do not fall into these categories are blocked by the filter. In the event that a District student or employee feels that a website or web content has been improperly blocked by the District's filter and this website or web content is appropriate for access by District students, the process described below should be followed:

1. Follow the process prompted by the District's filtering software (or to remain anonymous, log in under log in name: 123anonymous) and submit an electronic request for access to a website, or:

2. Submit a request, whether anonymous or otherwise, to the District's Superintendent/the Superintendent's designee.
3. Requests for access shall be granted or denied within three days. If a request was submitted anonymously, persons should either attempt to access the website requested after three days or log back in at 123anonymous to see the status of the request.
4. Appeal of the decision to grant or deny access to a website may be made in writing to the Board of Education. Persons who wish to remain anonymous may mail an anonymous request for review to the Board of Education at the District's Central Office, stating the website that they would like to access and providing any additional detail the person wishes to disclose.
5. In case of an appeal, the Board of Education will review the contested material and make a determination.
6. Material subject to the complaint will not be unblocked pending this review process.

In the event that a District student or employee feels that a website or web content that is available to District students through District Internet access is obscene, child pornography, or "harmful to minors" as defined by CIPA or material which is otherwise inappropriate for District students, the process described set forth in Regulation 6241 should be followed.

Adult users of a District computer with Internet access may request that the "technology protection measures" be temporarily disabled by the chief building administrator of the building in which the computer is located for lawful purposes not otherwise inconsistent with this Policy.

Privileges

The use of District technology and electronic resources is a privilege, not a right, and inappropriate use will result in the cancellation of those privileges. All students who receive a password/account code will participate in an orientation or training course regarding proper behavior and use of the network. The password/account code may be suspended or closed upon the finding of user misuse of the technology system or its resources.

Network Etiquette and Privacy

Students are expected to abide by the generally accepted rules of electronic network etiquette. These include, but are not limited to, the following:

1. System users are expected to be polite. They may not send abusive, insulting, harassing, or threatening messages to others.
2. System users are expected to use appropriate language; language that uses vulgarities or obscenities, libels others, or uses other inappropriate references is prohibited.
3. System users may not reveal their personal addresses, their telephone numbers or the addresses or telephone numbers of students, employees, or other individuals during E-mail transmissions.
4. System users may not use the District's electronic network in such a manner that would damage, disrupt, or prohibit the use of the network by other users.
5. System users should assume that all communications and information is public when transmitted via the network and may be viewed by other users. The system administrators may access and read E-mail on a random basis.
6. Use of the District's electronic network for unlawful purposes will not be tolerated and is prohibited.

Services

While the District is providing access to electronic resources, it makes no warranties, whether expressed or implied, for these services. The District may not be held responsible for any damages including loss of data as a result of delays, non-delivery or service interruptions caused by the information system or the user's errors or omissions. The use or distribution of any information that is obtained through the information system is at the user's own risk. The District specifically denies any responsibility for the accuracy of information obtained through Internet services.

Security

The Board recognizes that security on the District's electronic network is an extremely high priority. Security poses challenges for collective and individual users. Any intrusion into secure areas by those not permitted such privileges creates a risk for all users of the information system.

The account codes/passwords provided to each user are intended for the exclusive use of that person. Any problems, which arise from the user sharing his/her account code/password, are the responsibility of the account holder. Any misuse may result in the suspension or revocation of account privileges. The use of an account by someone other than the registered holder will be grounds for loss of access privileges to the information system.

Users are required to immediately report any abnormality in the system as soon as they observe it. Abnormalities should be reported to the classroom teacher or system administrator.

The District shall use filtering, blocking or other technology to protect students and staff from accessing internet sites that contain visual depictions that are obscene, child pornography or harmful to minors. The District shall comply with the applicable provisions of the Children's Internet Protection Act (CIPA), and the Neighborhood Internet Protection Act (NCIPA).

Vandalism of the Electronic Network or Technology System

Vandalism is defined as any malicious attempt to alter, harm, or destroy equipment or data of another user, the District information service, or the other networks that are connected to the Internet. This includes, but is not limited to the uploading or the creation of computer viruses, the alteration of data, or the theft of restricted information. Any vandalism of the District electronic network or technology system will result in the immediate loss of computer service, disciplinary action and, if appropriate, referral to law enforcement officials.

Consequences

The consequences for violating the District's Acceptable Use Policy include, but are not limited to, one or more of the following:

1. Suspension of District Network privileges;
2. Revocation of Network privileges;
3. Suspension of Internet access;
4. Revocation of Internet access;

VISITORS TO SCHOOLS (BOARD POLICY 1430)

All visitors during the regular school day shall check in at the office prior to proceeding elsewhere in the building. Lunch visitors are limited to parents or guardians. When a patron of the school has a need for a conference with a teacher or counselor, an appointment should be made so the staff member may proceed with his/her assigned duties without undue interruption. The Board of Education and the administration will not tolerate any person or persons whose presence disturbs classes or school activities or hinders the instructional process. If such persons will not leave the school premises upon request, the building principal or his designee may refer charges to the proper legal authorities. Groups of visitors wishing to visit the school or facilities shall notify the Superintendent as far in advance as possible.

VOLUNTEERS (BOARD POLICY 1425)

The District encourages participation of parents and citizens of the community to volunteer in the schools in order to serve as additional resources to the teachers and students. Prior to serving as a volunteer, each individual who may have unsupervised contact with a child must complete an application for the position, have a satisfactory criminal records check, and have a satisfactory check of the child abuse/neglect records maintained by the Missouri Department of Social Services.

CHAIN OF COMMAND (BOARD POLICY 1480)

Although no member of the community shall be denied the right to petition the Board of Education for redress of a grievance, the complaints will be referred through the proper administrative channels for solution before investigation or action by the Board. Exceptions are complaints that concern Board actions or Board operations only.

The Board advises the public that the proper channeling of complaints involving instruction, discipline, or learning materials is as follows:

1. Teacher

Any complaint about school personnel will be investigated by the Administration before consideration and action by the Board.

A School Reach automated phone call will also be made in the event of school cancellations due to weather. SECTION V: INSTRUCTIONAL PROCESS

ENGLISH LANGUAGE LEARNERS (BOARD POLICY 6180)

The Board of Education recognizes the need to provide equal educational opportunities for all students in the district. Therefore, if the inability to speak and understand the English language excludes a student from effective participation in the educational programs offered by the district, the district shall take appropriate action to rectify the English language deficiency in order to provide the student equal access to its programs. Identifying students who are English language learners (ELL) and ensuring them equal access to appropriate programs are the first steps to improving their academic achievement levels. To ensure that parents/guardians are properly notified of the ELL program, all new and enrolling students are to be given the Student Home Language Survey (Form 6180). The form shall be completed and returned to the school by the parents/guardians if they feel their child may be in need of such services.

STATEWIDE ASSESSMENT (BOARD POLICY 6440)

The district will implement the components of the Missouri Assessment Program (MAP) in order to monitor the progress of all students in meeting the Show-Me Standards, as set forth by the Missouri State Board of Education. The School Board requires all students to participate in the statewide assessment program unless their educational programs are modified by current IEPs. The building principals are authorized to establish a process designed to encourage the students of this district to give their best efforts on each portion of any statewide assessment, which may include, but is not limited to, incentives or supplementary work as a consequence of performance.

The administration will annually develop an assessment schedule for the current school year. The testing schedule will list the assessment instrument to be administered and the grade level of students that will be administered each test or assessment instrument. This policy and the assessment schedule will be given to each student as well as their parent/guardian at the beginning of each school year. In addition, a copy of this policy and the assessment schedule will be available to the public in the District office during normal business hours.

The MAP assessment time window will be in April-May.

SECTION VI: RIGHTS, RESPONSIBILITIES AND DISCIPLINE POLICIES

STUDENT RIGHTS AND RESPONSIBILITIES

The Board of Education believes that students have rights which should be recognized and respected. It also believes that every right carries with it certain responsibilities. Among these student's rights and responsibilities are the following: The right to attend free public schools; the responsibility to attend school regularly, and to observe school policies, rules, and regulations deemed essential for permitting others to learn at school; the right to a quality education; the responsibility to put forth the best efforts during the educational process.

Civil Rights - including the rights to equal educational opportunity and freedom from discrimination; the responsibility not to discriminate against others. The right to due process of law with respect to suspension, expulsion, and decisions, which the student believes, injures his rights; the right to privacy, which includes privacy in respect to the student's school records.

It is the Board's belief that as part of the educational process, students should be made aware of their legal rights and of the legal authority of the Board to make and delegate authority to its staff and to make rules and regulations regarding the orderly operation of the district's school. If the policy guidelines adopted by the Board are to be successful, it must be understood that school officials

and teachers have the authority to interpret and apply in a given situation. Students must obey any such interpretation subject to an appeal.

Schools must be a place where students are encouraged to learn. Standards of conduct are established by the Centralia R-VI Board of Education to create an environment in which each student's right to learn is protected. This includes but is not limited to, the following policies and regulations: 2600, 2610, 2620, 2652, 2655, 2660, 2661, 2662, 2663, and 2672.

Students and their parents/guardians will be notified of their rights and responsibilities, including standards of conduct, through handbooks which are posted and updated annually. When the rights and responsibilities of individuals are clearly understood, the elements of respect and cooperation will result in the harmonious and constructive education of the student.

STUDENT SEARCHES (BOARD POLICY 2150)

1. Students have no expectation of privacy in lockers, desks, computers, or other district-provided equipment or areas.
2. The district will conduct periodic and unannounced administrative searches of lockers, computers, and other district equipment.
3. The district may use dogs to indicate the presence of alcohol, drugs, or other prohibited substances on campus, including the parking lot.
4. The district may conduct searches of bags, purses, coats, electronic devices, and other personal possessions and cars in accordance with the law.
5. Students may be asked to empty pockets, remove jackets, coats, shoes and other articles of exterior clothing for examination if reasonable under the circumstances.
6. The district may require a student to submit to a drug or alcohol test if there is reasonable suspicion that the student has consumed prohibited substances.
7. Students involved in co-curricular activities may have to submit to random drug testing.
8. A student who refuses to submit to a search may be appropriately disciplined by school officials.

STUDENT DISCIPLINE (BOARD POLICIES 2600 AND 2610)

The Board of Education has the legal authority to make all needed policies, rules and regulations for organizing the school district. This includes the power to suspend or expel a student for conduct, which is prejudicial to good order and discipline in the school or impairs the moral or good conduct of the students. These policies, rules and regulations will apply to all students in attendance in district instructional and support programs, as well as at school-sponsored activities and events. Students who have been charged, convicted or plead guilty in a court of general jurisdiction for commission of a felony may be suspended in accordance with law.

Building principals are responsible for the development of rules and regulations regarding student conduct needed to maintain proper behavior in schools under their supervision. Principals, subject to appropriate due process procedures, may summarily suspend any student for up to ten (10) school days for violation of these policies, rules and regulations. Notice of suspension shall be given immediately to the parent or guardian, and to the superintendent.

Flagrant disregard for policies, rules and regulations, or continued truancy may result in suspension by the superintendent or expulsion by the Board, both subject to appropriate due process procedures. The superintendent may suspend a student for up to 180 school days; however; expulsion of students is a function only of the Board of Education.

Teachers shall have the authority to make and enforce necessary rules for the internal governance in the classroom, subject to review by the building principal. The Board expects each teacher to maintain a satisfactory standard of conduct in the classroom. They will be in charge of their rooms, halls outside their rooms and will make all assignments they feel necessary for good conduct in their rooms. The instructions of all teachers are to be followed in the halls as well as in the classrooms. The teacher has the discretion to make changes in his/her procedures when needed as related to his/her individual classroom. The administration has the discretion to make changes in procedures when needed as related to individual circumstances, action, or behavior by the principal to either contact the parent or guardian by written notice delivered by the student through the mail, or by direct telephone contact.

6. Failure to serve a Saturday detention by being dismissed from it or not showing up at all will result in the following:
 - a. First missed Saturday detention per semester – 3 days out-of-school suspension and the Saturday detention is considered served.
 - b. Second missed Saturday detention per semester will result in the student being suspended until the detention has been served. Thus the student will have a 5-day out-of-school suspension until the next available Saturday.
7. If a student is issued a Saturday detention, he/she will have two opportunities to serve it. This will be considered the approaching Saturday and the Saturday following that.
8. Any student that accumulates 3 Saturday detentions at any time will be suspended for 5 school days and two of the Saturday detentions will be considered served leaving just one to serve.

In-School Suspension

A student on in-school suspension will be placed in a secluded area for a school day, or a part of a school day. The student will not be allowed to associate with the rest of the students between classes or at lunch. During in-school-suspension students will not participate in student activities, however, students may attend practice sessions. Teachers will provide assignments and instructions during their preparation period or earlier in the school day if possible.

Out-of-School Suspension

Students may earn 100% credit for all work while assigned Out of School Suspension (OSS) if handed in when, or before, the student returns to school. While on suspension students are not allowed on school property or at school sponsored events.

Academic Integrity

The integrity of the academic program and the evaluation of each student's achievement are of primary concern to all educational institutions. Academic honesty, integrity and ethical conduct are valued highly and promoted at all times at Centralia High School. Cheating on any educational exercise not only reflects dishonesty on the part of the offender but diminishes the value of work done by his/her classmates. Therefore, cheating on tests, quizzes, homework, special projects and student recitations will result in the following action being taken:

- *First Offense:* A Student will receive an automatic zero on the assignment and a discipline referral will be filed with the assistant principal.
- *Second Offense:* A Student will receive an automatic zero on the assignment, parents will be contacted and the student will be suspended from school for 3 days.
- *Third & Subsequent Offenses:* A Student will receive an automatic zero on the assignment, parents will be contacted and the student will be suspended from school for 5 days.

STUDENT CODE OF CONDUCT (BOARD POLICY 2610)

The Student Code of Conduct is designed to foster student responsibility, respect for the rights of others, and to ensure the orderly operation of district schools. No code can be expected to list each and every offense, which may result in the use of disciplinary action. However, it is the purpose of this code to list certain offenses which, if committed by a student, will result in the imposition of certain disciplinary action. Any conduct not included herein, or an aggravated circumstance of any offense or action involving a combination of offenses may result in disciplinary consequences that extend beyond this code of conduct as determined by the principal, superintendent and/or Board of Education. Anytime it is believed that a law may have been broken, appropriate law enforcement will be notified.

DISCIPLINARY CONSEQUENCES (BOARD POLICY 2610)

If a student's behavior is severe enough and circumstances warrant, the Principal or his designee may accelerate the discipline steps, suspend or initiate an expulsion. The Centralia R-VI School District attempts to follow all Federal and State Laws, including the Safe Schools Act, which takes precedence over the school handbook and mandates what consequences certain actions must have. PROHIBITION AGAINST HARASSMENT & DISCRIMINATION AND GRIEVANCE PROCEDURE (BOARD POLICY & REGULATION 1300)

Harassment or discrimination because of an individual's race, color, national origin, ancestry, religion, sex, disability, age, genetic information, or any other characteristic protected by law is prohibited in this District. The District also prohibits retaliation against a person who files a complaint of discrimination or harassment or participates in an investigation of allegations of harassment or discrimination.

Disability: A physical or mental impairment that substantially limits a major life activity.

Discrimination: Adverse conduct directed at an individual or group based on race, color, national origin, ancestry, religion, sex, disability, age, genetic information, or any other characteristic that is protected by law. The encouragement, cooperation, coercing, or support of adverse conduct that is based on race, color, national origin, ancestry, religion, sex, disability, age, genetic information, or any other characteristic that is protected by law is discrimination.

Harassment: Harassment is conduct, including but not limited to, intimidation, ridicule or insult, toward an individual or group because of race, color, national origin, ancestry, religion, sex, disability, age, genetic information, or any other characteristic that is protected by law and is so severe or pervasive that it:

- Creates an intimidating, threatening, abusive hostile or offensive environment; or
- Has the purpose or effect of substantially or unreasonably altering the work or educational environment.

Sexual harassment: is defined as unwelcome conduct of a sexual nature or based upon sex when a) benefits or decisions are implicitly or explicitly conditioned upon submission to, or consequence is applied for refusing to comply with, unwelcome sexual advances, requests for sexual favors or conduct of a sexual nature; or b) the school or work environment becomes permeated with intimidation, ridicule or insult that is based on sex or is sexual in nature and that is sufficiently severe or pervasive enough to alter the conditions of participation in the district's programs and activities or the conditions of employment.

A student regardless of age cannot consent to behavior of a sexual nature with an adult irrespective of the circumstances.

Retaliation: Adverse conduct including, but not limited to, conduct of a coercive, intimidating, threatening, discriminatory, or harassing nature because of an individual's good faith complaint, participation in the investigation, testifying, or resolution of discriminatory or harassing conduct based on an individual's race, color, national origin, ancestry, religion, sex, disability, age, genetic information, or any other characteristic that is protected by law.

Student: An individual that is currently enrolled as a student of the District.

Examples of Sexual Harassment

Sexual harassment may include a range of subtle and not-so-subtle behaviors and may involve individuals of the same or different gender. Legitimate, non-sexual physical conduct necessary to avoid physical harm to persons or property, to console an individual, or spontaneous movement during a sporting activity is not sexual harassment.

Depending on the circumstances, examples of conduct, which may constitute sexual harassment include, but are not limited to:

- sexual advances;
- request for sexual favors;
- threatening an individual for not agreeing to submit to sexual advancement;
- sexually motivated touching of an individual's intimate parts;
- coercing, forcing, or attempting to coerce or force the touching of an individual's intimate parts;
- display of drawings, graffiti, cartoons, pictures, symbols or other written material of a sexual nature;
- sexual gestures;

- slurs, derogatory stereotypes or remarks, rumors, name-calling, insults, teasing, or taunting;
- threats or intimidating conduct;
- hostile action, physical aggression or violence; and
- damage or theft of property.

Obligation to Report

The District is steadfastly committed to providing an inclusive environment that is free from discrimination and harassment for all of its students and staff. Unless a concern is informally resolved, staff and students shall report all incidents of discrimination, harassment and retaliation to the Compliance Officer. When a formal complaint is filed with the Compliance Officer, the investigation and complaint process detailed below will be used, including a possible determination by the Compliance Officer that the incident has been appropriately addressed through the informal process. Reports of discrimination, harassment and/or related retaliation must contain as much specific information as possible to allow for proper assessment of the nature, extent and urgency of preliminary investigative procedures.

Interim Measures

The District will take action to protect a complainant or persons subjected to discrimination, harassment, or retaliation as necessary during the course of an investigation. Appropriate interim measures will be offered and may include, but are not limited to, physical separation, contact limitations, reassignment, alternative work or assignments, altering class or bus seating assignments, additional supervision, counseling, training, warning, conferences, exclusion and employee suspension pending an investigation as permitted by the District's policies and law. Additional interim measures to prevent retaliation may include, but are not limited to, notification of the retaliation prohibition, confirming the individual knows how to report retaliation, and follow-up contact.

Investigation and Response

The District will investigate allegations of harassment, discrimination, and/or retaliation and take appropriate steps reasonably calculated to resolve the situation, eliminate the misconduct, prevent its recurrence and as appropriate, remedy its effects. The District will take equitable and remedial action within its authority on complaints that come to the attention of the District, either formally or informally.

Allegations of criminal misconduct will be reported to law enforcement and suspected child abuse will be reported to law enforcement and/or the Children's Division. Regardless of whether the misconduct is reported to law enforcement and/or the Children's Division, school staff will investigate to determine what occurred and take appropriate steps to resolve the situation, to the extent that such investigation does not interfere with an ongoing criminal investigation.

Engaging in harassment, discrimination, and/or retaliation will result in appropriate discipline or other appropriate sanctions against offending students, staff or other third parties involved in District activities. Anyone else who engages in harassment, discrimination, and retaliation on school property or at school activities will have their access to school property and activities restricted, as appropriate.

Employees and students should fully cooperate with the investigation process.

Informal Process for Resolution

The District takes seriously the obligation to investigate complaints of discrimination, harassment, or retaliation and to take appropriate remedial measures when necessary. The District recognizes that the obligation to investigate and remedy may be accomplished through an informal process, depending on the circumstances.

Anyone may use informal procedures to report and resolve complaints of harassment, discrimination, and retaliation. If a staff member receives an informal complaint of harassment, discrimination, and/or retaliation and the complaint cannot be resolved informally, the staff member shall inform their relevant building administrator or supervisor. The administrator/supervisor may attempt to resolve the matter informally and should inform complainants of Policy & Regulation 1300.

Building administrators/supervisors shall provide information to the Compliance Officer on a regular basis about complaints reported and resolved through the informal process.

Informal complaints may become formal complaints at the request of the complainant, parent/guardian, or the District.

During the course of the informal complaint process, the District will take prompt and effective steps reasonably calculated to end the harassment, discrimination, and retaliation and to correct any effects on the complainant.

Informal remedies may include, but are not limited to:

- If the complainant so desires, an opportunity for the complainant to explain to the alleged harasser that his or her conduct is unwelcome, offensive or inappropriate, either in writing or face-to-face;
- A statement from a staff member to the alleged harasser that the alleged conduct is not appropriate and could lead to discipline if proven or repeated;
- A general public statement from an administrator in a building reviewing the District's nondiscrimination and harassment policy without identifying the complainant;
- Developing a safety plan;
- Separating students; or
- Providing staff and/or student training.

The District will inform the complainant (and their parent/guardian when applicable) how to report any subsequent problems. Additionally, the District may conduct follow-up inquiries to see if there have been any new incidents or instances of retaliation, and to promptly respond and appropriately address continuing or new problems.

Formal Process for Resolution – Grievance Procedure

Step One – Complaint to District

Anyone may initiate a formal complaint of harassment, discrimination, or retaliation by filing a written complaint with the District's Compliance Officer. At any step in the formal resolution process, where appropriate, the District will take interim measures to protect the complainant or alleged victim before the final outcome of the District's investigation. Additionally, the District may appoint an outside investigator at any step of the informal or formal resolution process. A subordinate shall not investigate his/her supervisor.

The following process will be followed at Step One:

Filing of Complaint

- All formal complaints will be in writing and will set forth the specific acts, conditions or circumstances alleged to have occurred and to constitute harassment, discrimination or retaliation. The Compliance Officer may draft the complaint based on the report of the complainant for the complainant to review and approve. The Compliance Officer may also conclude

that the District needs to conduct an investigation based on information in his or her possession, regardless of the complainant's interest in filing a formal complaint.

- Formal complaints must be submitted to the Compliance Officer.
- A charge or complaint of discrimination, harassment, or retaliation filed with an outside agency does not constitute a formal complaint or trigger an obligation to follow the formal complaint investigation procedures.
 - Investigation of Complaint
- The Compliance Officer will receive and investigate all formal, written complaints of harassment, discrimination or retaliation or will investigate if information in the Officer's possession leads them to believe further investigation is required. The Compliance Officer will delegate his or her authority to participate in this process if such action is necessary to avoid any potential conflicts of interest. Upon receipt of a complaint, the Compliance Officer will provide the complainant a copy of Regulation 1300.
- Investigations will be carried out in a manner that is adequate in scope, reliability and impartiality. During the investigation process, the complainant and accused party or parties, if the complainant has identified an accused party, will have an opportunity to identify witnesses and present relevant evidence. The District and complainant may also agree to resolve the complaint in lieu of an investigation.
- When the investigation is completed, the Compliance Officer will compile a written report of the investigation. The report may include a recommendation of appropriate action to remedy the allegations included in the complaint. The Compliance Officer will forward the report and recommendations to the Superintendent. If the Superintendent is the subject of the complaint, the report and recommendations will be forwarded to the Board President.
 - Response to Complaint
- The Superintendent will review the report completed by the Compliance Officer.
- The Superintendent will respond in writing with a Letter of Outcome to the complainant and the accused party within thirty (30) calendar days of the Compliance Officer's receipt of the written complaint, unless otherwise agreed to by the complainant or if circumstances related to the complaint require an extension of the time limit. In the event an extension is needed, the District will notify the complainant in writing of the reason for the extension and the anticipated response date.
- The Letter of Outcome will include: 1) a statement of the outcome of the investigation including whether a preponderance of the evidence establishes that harassment, discrimination, and/or retaliation occurred in violation of Policy 1300; 2) if violation of Policy 1300 is found to have occurred, the assurance that the District will take steps to prevent recurrence and remedy its effects on the complainant and others, if appropriate; and 3) notice of the right to appeal to the school board and the necessary filing information.
- Any corrective measures deemed necessary will be instituted as promptly as reasonable.
- The District will inform the complainant (and their parent/guardian if the complainant is a student) how to report any subsequent problems. Additionally, where appropriate the District will conduct follow-up inquiries to see if there have been any new incidents or instances of retaliation, and to respond and appropriately address continuing or new problems.
- If the Superintendent is the subject of the complaint, the actions set forth herein to be completed by the Superintendent will be completed by the Board President.

Step Two – Appeal to Board of Education

Notice of Appeal

- The complainant or accused party may appeal to the Board of Education by filing a written notice of appeal with the secretary of the Board within ten (10) calendar days following receipt of the Letter of Outcome.
- On receipt of the written appeal, the matter shall be placed on the agenda of the Board for consideration not later than their next regularly scheduled meeting, unless otherwise agreed to by the complainant and the superintendent or for good cause.
- Parties will be allowed to provide comment and information as the Board deems relevant and material.

Board Decision

- Unless otherwise agreed to by the appealing party, the Board will provide written notice of its determination within thirty (30) calendar days following the filing of the notice of appeal and provide the appealing party with a copy of the determination.

Retaliation

The District prohibits retaliation against a person who files a complaint of discrimination or harassment, and further prohibits retaliation against a person who participates in related proceedings or investigations.

Notwithstanding this provision, employees or students found to have intentionally made false or materially misleading allegations of suspected discrimination, harassment and/or related retaliation may be disciplined, up to and including dismissal or expulsion.

Confidentiality

The District will respect the privacy of the complainant, the individuals against whom the complaint is filed, and the witnesses to the extent possible, consistent with applicable law, the District's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. However, pursuant to the District's discretion, information may be disclosed, if necessary, to aid in the investigation, resolution, or appeal of the complaint.

Consequences and Remedies

The District will take prompt, effective and appropriate action to address substantiated discrimination, harassment or retaliation, prevent its recurrence and remedy its effects.

Consequences - Consequences for violations of Policy and Regulation 1300 may have educational, restorative, rehabilitative and/or punitive components. Conduct constituting harassment, discrimination or retaliation will be subject to discipline including, but not limited to, written warning or reprimand, conference, required training, "no contact" order, reassignment, probation, suspension or termination for employees, suspension or expulsion for students, or exclusion from District property.

In the event that the evidence suggests that the conduct at issue is also a crime in violation of a Missouri criminal statute, the District Compliance Officer shall report the conduct to the appropriate law enforcement agency charged with responsibility for handling such crimes.

As required by and in compliance with law and District policy, a report will be made to the Missouri Children's Division if there is reasonable cause to suspect abuse or neglect of a child.

Students, employees and others will not be disciplined for speech in circumstances where it is protected by law.

Remedies - The District will consider remedies for the victim as appropriate including, but are not limited to, providing additional resources such as counseling, moving or reassignment of the perpetrator, or allowing the victim to retake or withdraw from a class.

An allegation of discrimination, harassment and/or related retaliation complaint may not necessarily stop, delay or affect pending personnel actions. This includes, but is not limited to, performance evaluations or disciplinary actions related to a reporter who is not performing at acceptable levels or standards or who has violated district policies or regulations.

BULLYING (BOARD POLICY 2655)

The District is committed to maintaining a learning and working environment free of any form of bullying or intimidation. Bullying is strictly prohibited on school grounds, or school time, at a school sponsored activity or in a school related context. Bullying is the intentional action by an individual or group of individuals to inflict intimidation, unwanted aggressive behavior, or harassment that is repetitive or is substantially likely to be repeated and causes a reasonable student to fear for his or her physical safety or property; substantially interferes with the educational performance, opportunities, or benefits of any student without exception; or substantially disrupts the orderly operation of the school. Bullying may consist of physical actions, including gestures, or oral, cyberbullying, electronic, or written communication, and any threat of retaliation for reporting acts of bullying.

Cyberbullying means bullying as defined above through the transmission of a communication including, but not limited to, a message, text, sound, or image by means of an electronic device including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager. The District may prohibit and discipline for cyberbullying that originates on any District campus or at a District activity if the electronic communication was made using the school's technological resources, if there is a sufficient nexus to the educational environment, or if the electronic communication was made on the District's campus or at a District activity using the student's own personal technological resources. Further, students who engage in significant acts of misconduct off campus which materially and adversely impact the education of District students will be subject to discipline.

Bullying, as defined in this policy, is strictly prohibited. Students are encouraged to report any incident of bullying which they have witnessed or incurred, by contacting their building principal. District employees are required to report any instance of bullying of which the employee has witnessed within two (2) school days of the occurrence. Employees shall report the occurrence to the building principal, who is the person the District designated to receive reports of incidents of bullying. A principal who receives a report of an incident of bullying shall initiate an investigation into the allegations within two (2) school days of receipt of the report. The principal may assign other employees to assist in the investigation, or request that the superintendent assign an outside investigator. The investigation shall be completed within ten school days from the date of the written report of bullying unless good cause exists to extend the investigation. No employee or student who reports an act of bullying shall be subject to reprisal or retaliation for making such a report. Any person who engages in reprisal or retaliation against an employee or student who reports an act of bullying shall be subject to disciplinary action.

Students who are found to have violated this policy will be subject to consequences depending on factors such as: age of student(s), degree of harm, severity of behavior, number of incidents, etc. Possible consequences to a student for a violation of this policy include: loss of privileges, classroom detention, conference with teacher, parents contacted, conference with principal, in-school suspension, out-of-school suspension, expulsion and law enforcement will be contacted.

The District shall give annual notice of the policy to students, parents or guardians, and staff. This policy shall be included in all student handbooks. This policy shall also be posted on the District's web page (as a Board policy) and a copy shall be placed in the District Administrative Office.

The District shall provide information and appropriate training to District staff who have significant contact with students regarding the policy. All staff with significant student contact shall be trained on the requirements of this policy on an annual basis.

The District shall provide education and information to students regarding bullying, including information regarding this policy prohibiting bullying, the harmful effects of bullying, and other applicable initiatives to address bullying, including student peer-to-peer initiatives to provide accountability and policy enforcement for those found to have engaged in bullying, reprisal, or retaliation against any person who reports an act of bullying.

The District shall instruct its school counselors, school social workers, licensed social workers, mental health professionals, and school psychologists to educate students who are victims of bullying on techniques for students to overcome bullying's negative effects. Such techniques include but are not limited to cultivating the student's self-worth and self-esteem; teaching the student to defend himself or herself assertively and effectively; helping the student develop social skills or encouraging the student to develop an internal locus of control. District administrators will implement programs and other initiatives to address bullying, to respond to such conduct in a manner that does not stigmatize the victim, and to make resources or referrals available to victims of bullying.
